

My activity book

Blank writing area with a dashed line for a title and a solid line for a subtitle.

Dinosaurs

Dinosaurs

Who are the dinosaurs?

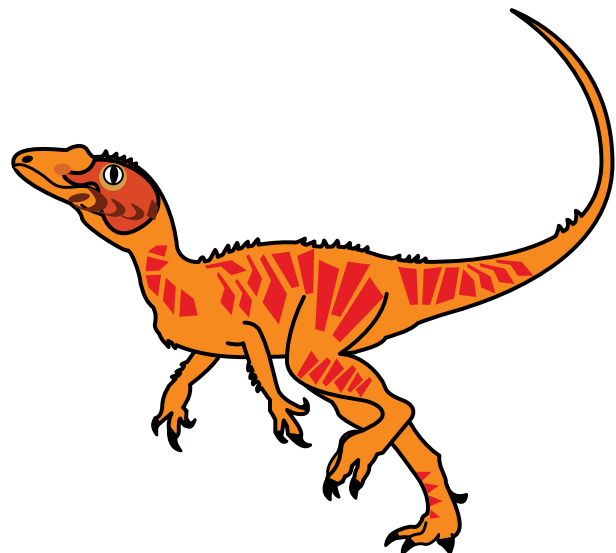

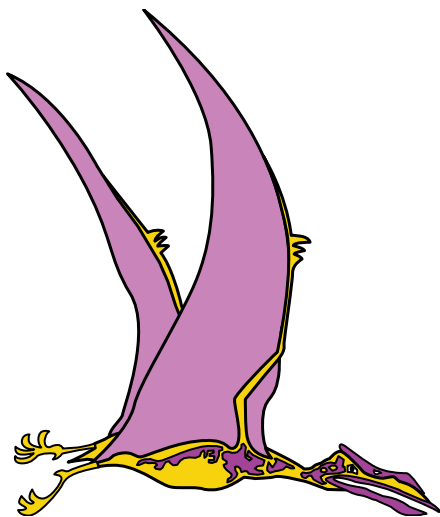

The dinosaurs lived on earth there for **many years before man appears**. We know they have existed with their fossils and some scientists have been studying them.

The word dinosaur comes from the Greek language and means «**terrible lizard**» because first discovered skeletons were those of very large dinosaurs.

There are **many different dinosaur species**, some are huge, some are small, some live in the water and one on land or in the air, some are carnivores and some are herbivores.

All of them have names rather complicated as for example Triceratops, Tyrannosaurus, the Pterodactyl and Velociraptor you will discover in this activity book.

Do you know what is a **dinosaur fossil**? This is the part of the backbone or skeleton of the animal which was preserved for thousands of years in the rock.

Identify letters,
reproduce and write them

You need:

 1 pen

Filled boxes crossword with the words in the box below.

The crossword puzzle grid is composed of orange, green, and blue paths. The orange path is a vertical column of 10 boxes. The green path is a horizontal row of 10 boxes, intersecting the orange path at the 4th box from the top. The blue path is a horizontal row of 6 boxes, intersecting the orange path at the 6th box from the top. The letters 'E', 'G', and 'G' are filled in the 4th, 5th, and 6th boxes of the orange path, respectively. The icons are: a dinosaur (green path, 1st box), a herbivore (orange path, 10th box), a fossil (blue path, 1st box), a carnivore (green path, 10th box), and an egg (orange path, 10th box).

				
EGG	DINOSAUR	FOSSIL	CARNIVORE	HERBIVORE

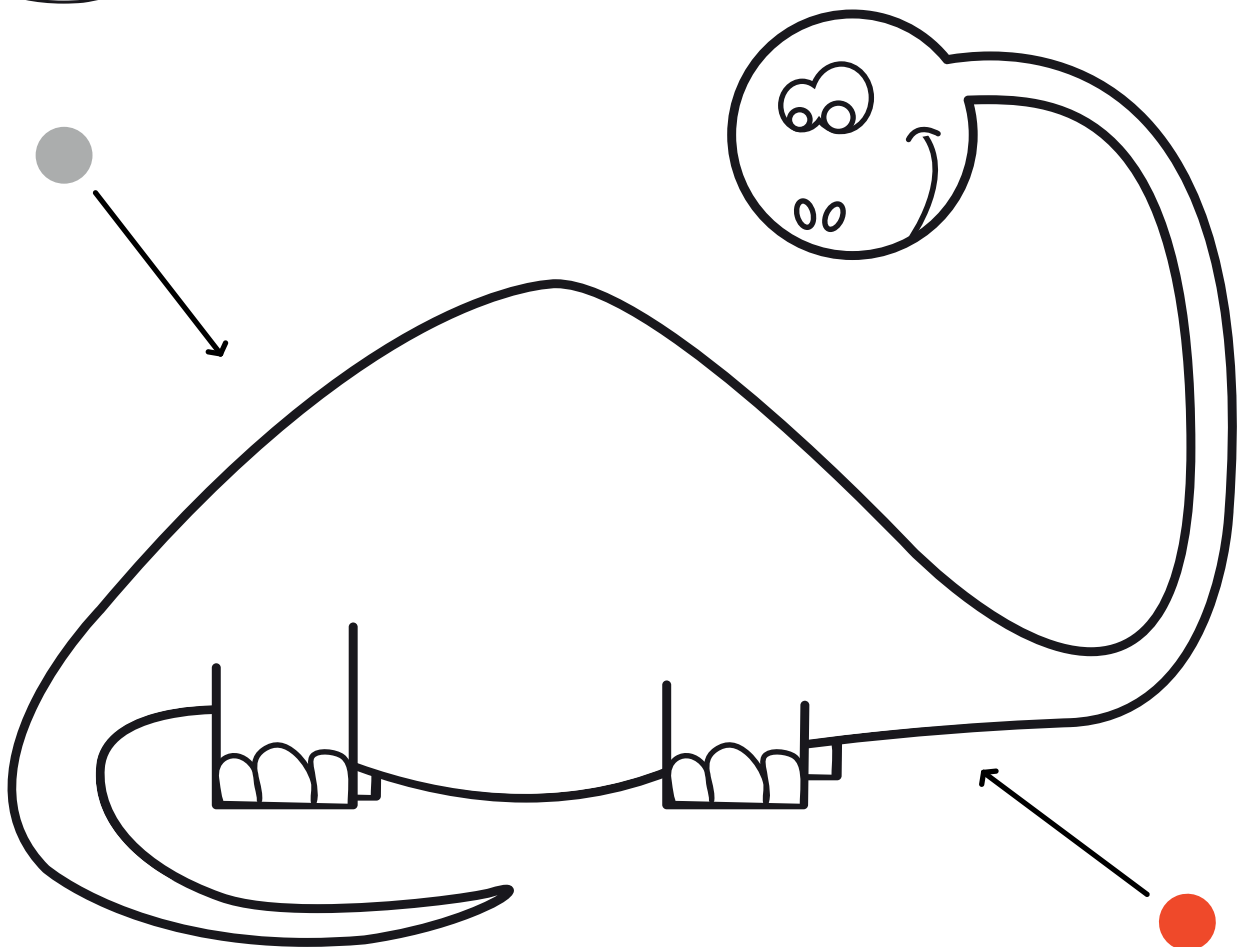

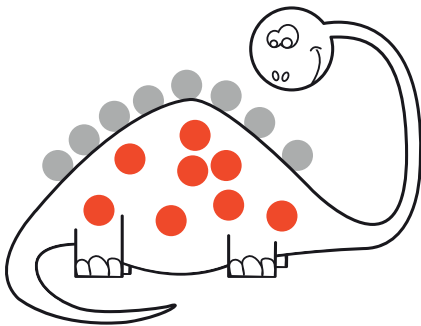

Learn colors and paint

You need:

-  Watercolor pencils
-  Brush
-  Water

Paint scales of the diplodocus by gray spots along its crest and red spots on the body.

Learn to draw

You need:

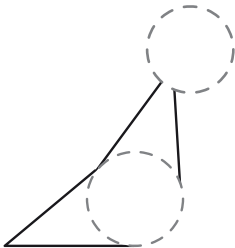

-  Pencil
-  Eraser
-  Crayons

Draw a dinosaur by following the steps.

1

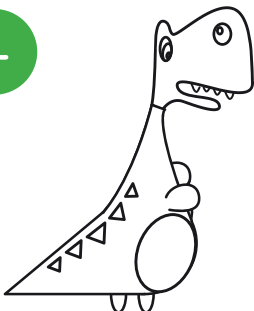

2

3

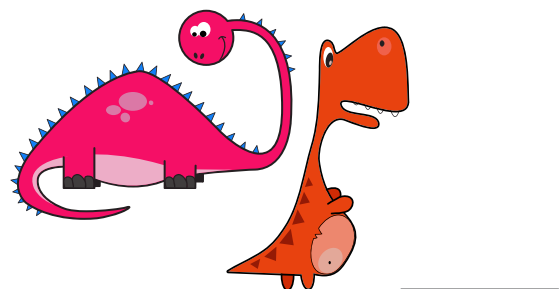

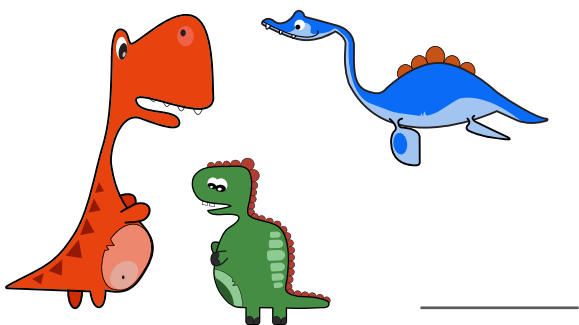

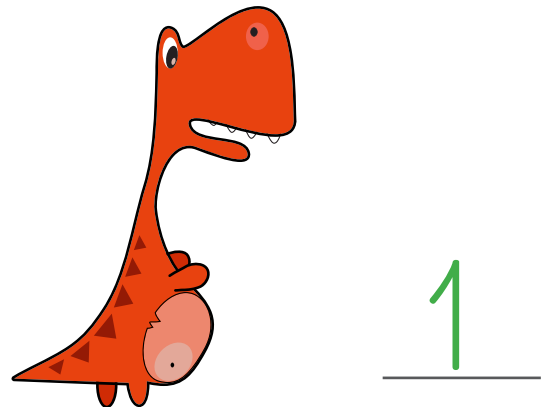

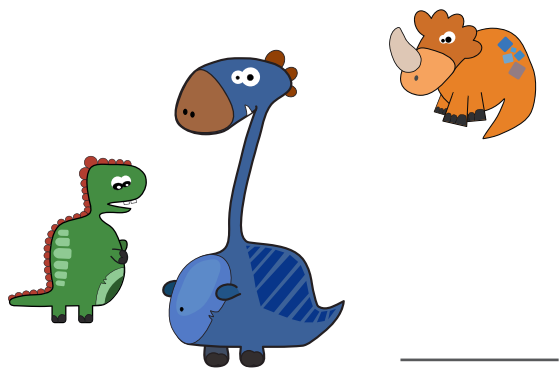

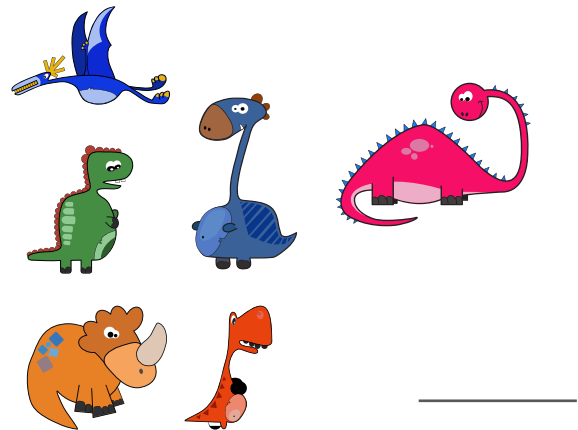

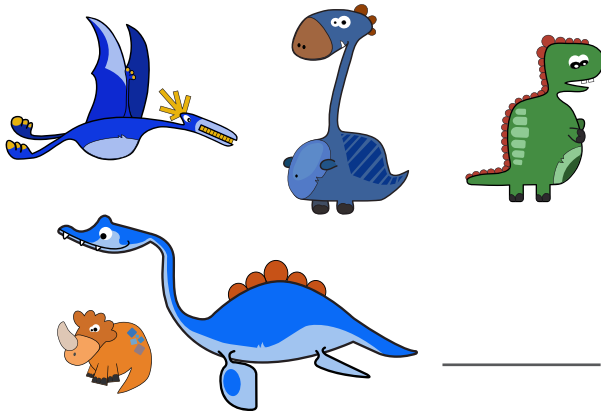

4

You need:

1 pen

Indicates the number of dinosaurs on each line and surrounds the thumbnail that contains the greatest number.

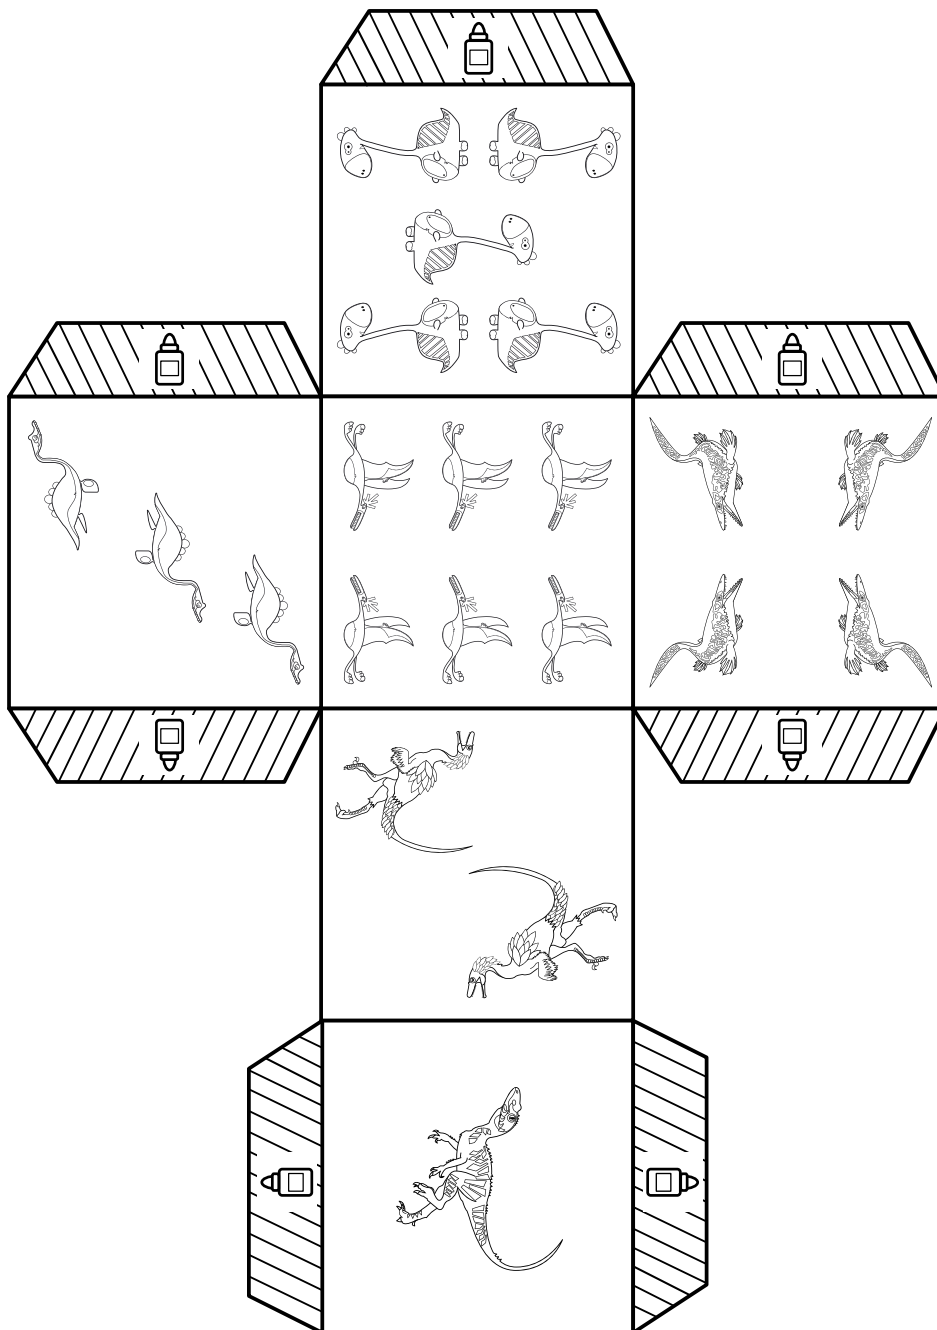

Cut and paste

You need:

-  1 pair of scissors
-  Crayons
-  Glue

Color the dinosaurs, cut the pattern and form a dice by folding the sides of the die and glue them through tabs.

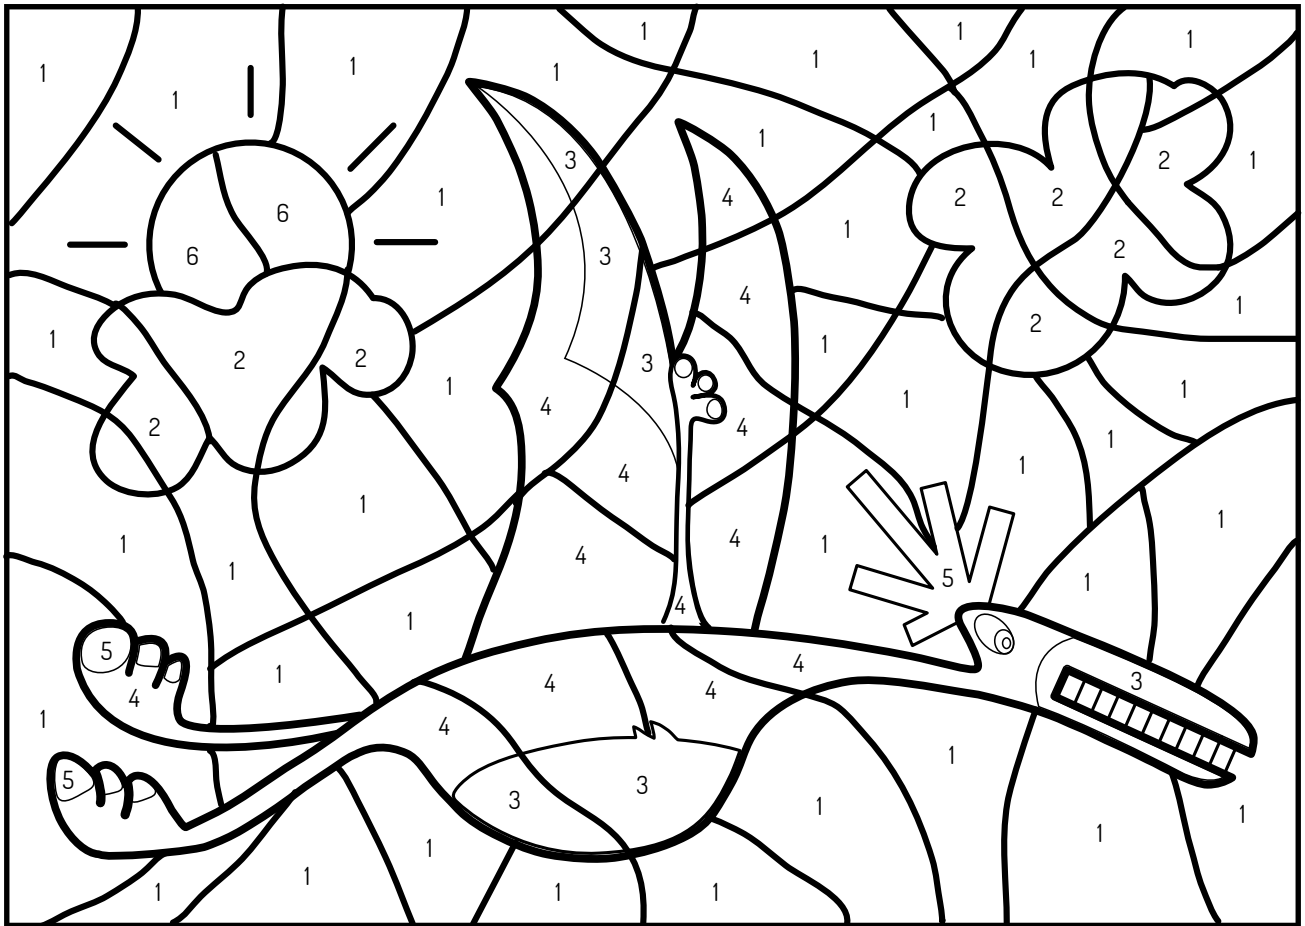

Color without exceeding

You need:

Colour each box with the correct color.

Memory game

You need:

✂ 1 pair of scissors

Make a memory game. Cut each picture then glue on a square of cardboard. Found pairs by turning the cards one by one. You can play alone or with friend or family. If you have already worked on other Bic Kids universes, you can also combine cards of different universes to make the game more difficult.

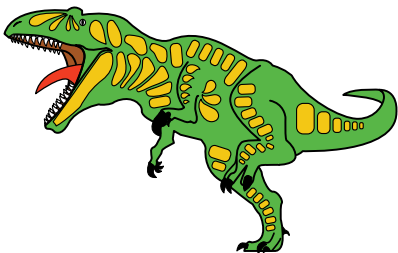

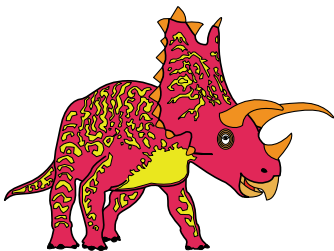

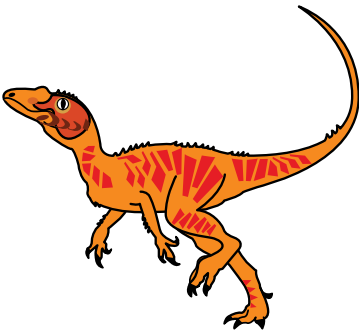

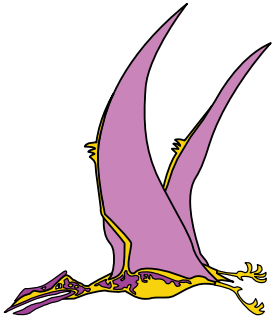

Link

You need:

 1 pen

Connect with a line the description and the dinosaur that matches.

Triceratops

I have three horns. I have a big body and I'm very heavy.

Tyrannosaurus

I have a lot of teeth. I have two small legs on the front.

Pterodactyl

I have two large wings. I am very fast.

Velociraptor

I have big claws and a long tail.

Observe

You need:

 1 pen

Trace a red cross on each of the seven differences on the dinosaur below.
